- Serene and green campus
- Personality development programmes
- Wide range of co-curricular activities
- Special emphasis on arts, sports and games
- Career guidance
- Activities for spiritual enrichment
- Social awareness programmes
- Transportation facilities
- Strong bonds with the parent community

Carmel Public School, is an educational enterprise of the Carmel Monastery, Vazhakulam. Ever since the founding of the monastery in 1859, it took special care and interest in the education of the people of the locality. This was part of the mandate of the founding Fathers of the CMI Congregation. When the golden jubilee of the monastery was celebrated in 1909, the Infant Jesus Elementary School was started. Realizing the dearth of students for the English medium, the Management decided to start an elementary English medium, the Sabas English School was opened in June 1983. The Carmel English U.P. School started in 1995 for the students who completed the primary classes in Sabas. With the great demand for the C.B.S.E. syllabus all over India and abroad, the management introduced the C.B.S.E. system in 1997 and the school was re-named **Carmel CMI Public School**. The school was formally affiliated to the C.B.S.E. in 1998 upto Class X and was upgraded to Plus Two level in 2001.

OUR INSPIRATION

ST. KURIAKOSE ELIAS CHAVARA

St. Kuriakose Elias Chavara was the co-founder and first Prior General of the Congregation of the Carmelites of Mary Immaculate (CMI). St. Kuriakose Chavara was born on February 10, 1805, at Kainakary and called to eternal rest on 3rd January 1871.

St. Kuriakose Elias Chavara was a trend-setter in the universalization of education and making it available to all sections of the society. He also took initiative in imparting quality education with formation in values, so that, not only the individuals grow holistically but also they become instruments in social mobility and social transformation.

Carrying on this legacy, we also try to be the trend-setters in education; for this, we have an educational policy in agreement with the national policy and in the spirit of our own CMI legacy, and implement it in all our educational institutions.

Personality Development Programmes

Key Features

CARMEL KINDERGARTEN

This section consists of Pre KG, LKG & UKG. The teaching adopted here is a play-way method so as not to burden young children with books and homeworks. Children learn through fun and games. There are group activities in art, music, language, science and physical education. This method aims to develop a kid's intelligence through activities that involve exploration, manipulation, order, repetition, abstraction and communication. Prime focus is on Foundational Literacy and Numeracy.

- To ensure that every child has a peaceful and dignified existence.
- To impart a wholesome education which includes excellent classroom transaction strengthened by a range of co-curricular and outdoor activities.
- To ensure sound physical and intellectual development.
- To help each child with emotional responses, to adjust to necessary changes and to overcome obstacles.
- To help each child respect the rights and privileges of others and their point of view.

Courses of Study:

Pre-Primary

At this stage, the child is introduced to basic skills through "Learning by Doing Method". Being the first stage of the school, the child is nurtured to adjust with the surroundings and peer group and to develop a spirit of curiosity, which is the key to all learning.
